INTERESTS & HOBBIES

I am a **enthusiastic traveller**, aerial drone filmmaker, and **video game enthusiast**. With over 25 countries visited, including a hitchhiking trip from Poland to Greece, I enjoy capturing different perspectives from the sky and exploring different cultures. Whilst not travelling, I enjoy gaming and immersing myself in virtual worlds.

PAWEŁ SZPYTMA

As a recent graduate, I am thrilled to embark on a career in the software industry and take the first step towards achieving my dream of becoming a successful developer. My insatiable curiosity and drive to constantly learn and grow have been the driving force behind my success so far. I pride myself on my ability to approach challenges with a fresh perspective and think outside the box to find innovative solutions. I am eager to bring my passion for technology to a dynamic work environment where I can continue to learn and develop my skills, while contributing to the growth of the company. I am excited to be a part of a team that shares my enthusiasm for technology and is committed to pushing the boundaries of what is possible.

EXPERIENCE

Northcoders - Remote

Junior Software Developer

Feb 2023 – May 2023

I have been pursuing the software development bootcamp at Northcoders and have gained expertise in various programming concepts such as test-driven development, pair programming, and object-oriented programming using JavaScript, Node.js, and React. Additionally, I have acquired knowledge of asynchronous programming and proficiency in working with APIs, Express, and SQL.

Final Project: **POVMAZE** - web-based game build with Phaser, React and Firebase

Backend Project: **NC-Games-API**

Frontend Project: **NC-GAMES-APP**
